WORK RESUMED AT SEVEN MORE MINES

Conditions Improve In Pittsburg District.

850 CARS SHIPPED WEDNESDAY

Independent Operators Are Taking Advantage of Idleness at Their Mines to Make Repairs and Clean up the Underground Portions.

Pittsburg, April 6. Work was resumed at seven more mines Thursday the conditions throughout the Pittsburg district were much improved.

Officials of the Pittsburg Coal company reported 70 per cent of their mines now in operation and more miners at work.

Orders are again beginning to come in and Chairman Robbins claims the company is doing as much business as it can handle.

Yesterday he mined 40,000 tons of coal. Shipments were 850 cars.

The independent operators are taking advantage of the idleness at their mines to make repairs and clean up. They say there is plenty of coal stocked in cars in the railroad and retail yards to meet all demands for two or three weeks, but with the stoppage of work in the anthracite and western bituminous fields, this district will soon have as much as the miners can do.

Majority Will Rule.

Des Moines, Iowa, April 6.—After adopting a resolution providing for the majority rule to govern the proceedings of the general convention and the scale committee, the miners and operators of Iowa Thursday referred the entire matter of settlement to a joint scale committee which is now in session.

Dewey Making Excellent Speed.

Washington, April 6—Officers at the navy department express relief at the safe arrival of the floating dry dock Dewey off Manila. For eight days the dry dock has made an average daily run of more than 100 miles, and it is now nearly half way through the Mediterranean. The passage between Malta and Syrly is narrow and treacherous and since the dry dock has gone through this safely the most dangerous section of the Mediterranean lies behind. According to the naval calculations the Dewey should arrive at Port Said by April 10, if it does not encounter bad weather.

Arrange for Steamship Service.

San Francisco, April 6.—It has been announced here that the Western Pacific Steamship company had concluded arrangements for a trans-Pacific Steamship service. Negotiations have been entered into and both have been willing to enter into an agreement to run steamers to the Orient in connection with the road. It is said that preference will be given to the North German Lloyd and that a tentative agreement has already been entered into with the company.

Developments Indicate Bigamy.

Marshalltown, Pa., April 6—Developments indicate that V. G. Gray, recently sentenced to twenty years for forgery, has after marrying Miss Trixie Shapcott, a well known young woman of this city, is a bigamist, having a wife and two children at Indianapolis. Gray has apparently been identified as one Booth, editor of an Indianapolis magazine.

Want to Retain Football.

Bowersville, Ga., April 6.—Gus Mouchett, a stableman, was crushed to death here Wednesday by being caught between the bumpers of two freight cars. He leaves a wife and five small children.

SHOT FATHER AND BROTHER.

Young Man Shoots Father to Save His Mother.

Hazlehurst, Ga., April 6.—News has just reached here that Cleveland Crawford, a young man about 20 years old, shot and seriously wounded his father, J. M. Crawford. In the affray a little brother about 9 years old, was shot in the abdomen, and he is perhaps fatally wounded.

The young man claims that his father was beating his mother, and that he interfered. His father then raised on him with an uplifted chair, and the young man shot him three or four times with a pistol, inflicting several painful wounds in the arms and shoulders, and wounding his little brother.

J. M. Crawford is an industrious farmer, living about 5 miles from town, and came to this county several years ago from northeast Georgia.

A strange fatality seems to hover over this family. Frank Cook is now in the state penitentiary, serving a life sentence for the murder of his wife, a daughter of J. M. Crawford. This trial excited greatest feeling at the time in Appling county. A year or two later another daughter was burned to death.

No arrest has yet been made.

Committee Receives Replies.

New York, April 6.—The replies which the Truesdale investigating committee of the Mutual Life Insurance company received from the insurance commissioners of twenty-seven states on the subject of bringing out a larger policyholder vote at the annual elections and thus securing real mutuality, have been made public by President Peabody. Most of the commissioners and superintendents seem to be in favor of taking drastic steps to bring out the policyholders' vote. Few of them like proxies. W. D. Vandiver, of Missouri, wrote that proxies should be handled by an organized policyholders' committee in each state.

Mrs. Dowie Is Ill.

Chicago, April 6.—Physical collapse of Mrs. John Alexander Dowie Thursday followed rumors that the party in favore of the "First Apostle" had grown so strong that a serious conflict between the two factions in Zion City might follow the return of her husband. Friends of Mrs. Dowie say that she expressed the belief that bloodshed might result. Early Thursday she fell in a swoon while in her home, and it was feared for a time that she had suffered a stroke of paralysis. It was reported later that she is suffering only from a severe attack of nervous prostration.

Would Become Weather Forecaster.

Washington, April 6.—The weather bureau, the White House and nearly all government departments are being flooded with strange letters in the Bohemian language, indicating the publication in Bohemia of some article announcing an offer by the United States for successful weather predictions. Some of the letters contain a declaration that the writer has supernatural powers and can make successful predictions for any desired period. Practically all the communications end with a statement that the writer is confident he will win the prize this government is offering.

The inhabitants of the small villages near the crater are fleeing while processions of villagers carrying images of saints and Madonnas and praying for a cessation of the eruption are passing through the neighboring towns.

The smoke and ashes are carried so far that all Naples is sprinkled with cinders.

The Neopolitans are not alarmed, in fact, they are rather glad, saying that the new eruption of Vesuvius is in preparation for the arrival of King Edward and Queen Alexandria, who are expected here Thursday.

Buffalo, N. Y., April 6.—Charged by Senator Grady on the senate floor with bad faith toward the senate, the commissioners in charge of the erection of the memorial to Buffalo to President McKinley, failed to get the additional $25,000 they asked. The new months were sent up 5 and 6 points.

YEOMANS KILLS L. D. KENNEDY

Young Man Struck Yeoman's Wife With Fence Rail.

Glennville, Ga., April 6.—L. D. Kennedy, a young man about twenty-five years old, was killed by Calvin Yeomans, about three miles west of Tison, Wednesday.

It is reported that Kennedy went to Calvin's house in an intoxicated condition and Yeomans ordered him away. He left, saying he would return soon, and that some one would have to have a box made. As soon as Kennedy returned, Mrs. Yeomans went to the gate and tried to get him to go away, whereupon he pulled a rail off of the fence and struck her over the eye, almost killing her. Yeomans was in the house and seeing what Kennedy had done, rushed out with his revolver and, aiming it at Kennedy, fired, killing him instantly.

Mr. Yeomans said he was ready to go with the officers if any wanted him. He has not been arrested up to this time.

It was announced that Mr. Barr's resignation is in conformity with a determination reached by him in December last, to engage in work that will give him more leisure. Mr. Barr will continue as a director of the company.

Freight Train Wrecked.

Reidsville, N. C., April 6.—No. 75, a through freight train on the Southern railway, was wrecked at Mizpah switch, 2 miles south of Reidsville, Wednesday. Nine cars loaded with coal were derailed. The trouble it is thought, was caused by a defective truck. A report is current that three tramps were killed, but until the debris is removed it cannot be ascertained if the report is true. The track was torn up for a distance of over two hundred yards. A new track was constructed and the debris removed so that trains could go over the track.

Georgia Man Found Dead.

Tchotahchie, Ala., April 6.—An unknown white man, about thirty years of age, was found dead about a quarter of a mile south of the Louisville and Nashville railroad depot by a section foreman Wednesday. From all indications he had been dead for only a short while, his shoes and hat were missing and evidently he had been robbed and murdered. Three large gashes were found on the head, his skull was crushed and one leg was broken. On his person was found a note on which was written: "F. M. Reese, Savannah, Ga."

Platt, William Loeb, secretary to the president, and former Postmaster General Wynne for $150,000 damages, was called in court Wednesday and dismissed by Judge Kennedy, because no one appeared for the plaintiff. Miss Wood alleged that she had written a book entitled "The Love Letters of a Boss," which comprised a number of letters written to her by Senator Platt. She said that Platt, with the assistance of Wynne and Loeb, got the letters from her and refused to return them.

Will Postpone Meeting.

Louisville, April 6.—The executive committee of the General Baptist Convention of America, organized a year ago at St. Louis, has decided to postpone the meeting arranged for Louisville May 15 and 16, until next year. The committee favors the holding of the convention some where in the vicinity of Jamestown, Va., jointly with the centennial. The Louisville committee experienced difficulty in securing a church in which to hold the convention, the white Baptists being averse to having the negro members of the denomination assemble with them.

John Wayne with an accomplice, Leonard Jones, both white, have been arrested, charged with the robbery. Suspicion was cast upon these two men through their rank extravagance in a tenderloin district early after the robbery was reported. Upon investigation the amount recovered was found hidden between mattresses in one of the houses.

FAITHLESS WIFE LEFT HER HUSBAND

Eloped With Her Brother-in-Law and Took Child With Her.

HUSBAND ON THE TRACK

Traced the Trio From Jacksonville to St. Augustine and Palatka, and Was Told They Came to Gainesville, But No Trace of Them Found Here.

Another example of infidelity has come to light, with the result that Charles Jones of Starke, a news agent on the Seaboard Air Line railway running between Jacksonville and Tampa, is short a wife and child, and he alleges that his brother, Oliver Jones, is guilty of taking them away.

Mr. Jones is a kindly fellow. He has always endeavored to treat everyone right, especially his family; but the trouble arose the latter part of March, when his brother, Oliver, who had been employed as a flagman on the Atlantic Coast Line between Jacksonville and Sanford, came to spend a few days as a guest of his brother, sharing the hospitality of his household.

Ever since his connection with the railroad service, Mr. Jones has been residing happily with his wife and sweet little girl, Eva, two and a half years old, at 1871 West Church street, Jacksonville. There they were contented in each other's company, so the husband and father declared, until Oliver made his appearance. It appears then that the relations were strained, and the result was that Oliver, on Saturday, the last day of March, took the wife and baby away with him.

According to Chas. Jones' story, he traced the trio to St. Augustine, thence to Palatka, where he was informed that on Tuesday of the present week they came to Gainesville. Accompanied by Chief of Police Hagan of Palatka, he came to this city in search of them Friday, but without result, as no trace could be found of them here, and no one had seen any persons answering the description given by the distracted husband.

As will be noted elsewhere in this paper, Mr. Jones has published a description of the parties for whom he is searching, and offers a reward of fifty dollars for their apprehension. It is hardly likely that they are in this city, however, as a thorough search was made by Mr. Jones, Chief of Police Hagan and the officers here. It may be that they came to Gainesville from Palatka, but did not tarry long.

It is to be hoped that Mr. Jones will be successful in finding his wife and child, as he is very anxious in regard to the latter.

MOVEMENT IS LIVELY.

Vegetables Going Fast From Micanopy, Evinston and Other Points.

Parties visiting the city from Evinston, Micanopy and other points south state that the vegetable movement continues heavy, the movement of cabbage, lettuce, beets and beans being especially heavy.

"I have never seen the like when it comes to cabbage," remarked a grower who was here. "Notwithstanding the fact that the movement of cabbage is the heavest I have ever seen in my experience, the price is holding up well, and cabbage have been bringing more as a whole this season than they have brought in many a season before."

A buyer who was sent to this section by his house to purchase cabbage declared Friday that he could not afford to "swap money" for chances, and the price was so high that he had about adandoned the idea of making any purchases of cabbage at all. "We are asked to pay almost as much, if not equally as much, f. o. b. the stations here, than we can get in the market of the North, and we cannot afford to take the chances," he said.

A comparatively new feature in trucking in this section is the growing of parsley. A shipment of twenty hampers, or baskets, was made from one station on the Gainesville and Gulf, a few days ago, which realized handsome prices. Parsely is destined to become a standard crop among the truckers.

Cures Coughs and Colds.

Mrs. C. Peterson, 625 Lake St., Topeka, Kans., says: "Of all cough remedies Ballard's Horehound Syrup is my favorite. It has done, and will do all that is claimed for it—to speedily cure all coughs and colds—and it is so sweet and pleasant to the taste." Sold by W. M. Johnson.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

ELKS' INSTALLATION.

Large Crowd Gathered at This Occasion Thursday Night.

The installation of officers of Gainesville Lodge No. 999, B. P. O. E., was held at the regular meeting Thursday evening, and was one of the most enjoyable and successful social affairs among the secret fraternities which has been held here in some time. A large crowd of Elks congregated for the occasion, as it was evident that the meeting would prove one of unusual interest.

The following officers were installed for the coming term:

Exalted Ruler, Hon. Henry S. Chubb; Esteemed Leading Knight, Robt. E. Davis; Esteemed Lecturing Knight, Rev. Francis H. Craighill; Esteemed Loyal Knight, J. W. Blanding; Secretary, A. M. Cushman; Tyler, Dr. D. B. Morris; Esquire, E. A. O'Neill.

The installation services were conducted by Past Exalted Ruler L. C. Lynch, in a most impressive manner.

Rev. S. B. Rogers was reappointed Chaplain of the lodge.

At the conclusion of the installation a delightful spread, consisting of ice cream, strawberries, cake, coffee, etc., was made, and while the members enjoyed themselves Toastmaster W. E. Dow introduced the speakers, who seemed to be possessed as a rule with unusual eloquence and humor upon this occasion. Several good talks were made, principal among which was the address of Exalted Ruler Chubb.

In all the evening was delightfully spent, and every man left the lodge room feeling proud that he was an Elk.

A Delightful Day.

Mr. and Mrs. J. Fletcher Hill and son, Mrs. Gordon B. Tison and daughter, Martha, and a number of other friends, enjoyed the day on Newnan's lake Thursday, the occasion being a picnic and fish fry.

There were several in the party, and the day was most pleasantly spent.

The fish are plentiful on Newnan's lake now, and are very fine. The party enjoyed a delicious fry, which was prepared by an expert in that line, and altogether everything passed off in a manner which will cause those present to remember the occasion for some time.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Woof, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

C. D. May spent Friday in Gainesville on business.

Our people are taking advantage of the pretty moonlight nights, and are enjoying many exciting fox chases.

Master Rouss May had quite a narrow escape Saturday. He ran out in the street after a ball when he was run down by a horse driven by Mr. Wilkinson, but fortunately escaped with slight injuries and was soon all right.

Postmaster Reid is happy over the change of schedule on the A. C. L., April 15th. He says he can then sleep as late in the morning as most anyone.

The Blue and the Gray.

In the year of 1868 I formed my first acquaintance with Colonel H. F. Dutton. At that time I was conducting one of the largest cotton genneries in the State, and Col. Dutton saw at once that there was a large field for this business. He approached me as to whether he could join me in buying seed cotton and having it prepared for the Eastern markets. This I consented to do, and we continued in the business together for four years with considerable profit to us both. I then decided to withdraw and begin a foundry and machine business, and the firm of H. F. Dutton & Co. concluded to erect their own plant, which stands today as one of the oldest and largest cotton ginneries in the State. I have been manager of their machinery nearly twenty years and in this period have never had an accident to the plant, myself or any employee. I am now thankful to turn this plant over to the new owners in as good condition and, more than that, in a better shape than I found it nearly twenty years ago. In writing this, I do it for the purpose of expressing my high appreciation of Col. Dutton and his partners, for their unwavering kindness and thoughtful acknowledgments of my work, shown me during my connection with them during so long a period, and our relations are an example to all, how the Blue and the Gray can successfully fraternize. My only wish now is that the new firm may have the same business success. JAMES I. DOIG.

Mr. Haas Complimentary.

Jacob R. Haas, a prominent real estate man of Atlanta, Ga., was among the visitors to this city yesterday. Mr. Haas was very deeply impressed with the city and the class of buildings which are going up here, and expressed an opinion that Gainesville will continue to be the leading interior city of Florida. "You have no idea of how much good the University location is doing you already," he said. "Gainesville is known and recognized for its religious, moral and educational sentiments, and such is bound to prove of great value to your people. This is my first visit to Gainesville, but I have heard of the town very favorably for the past year or more."

The Sun is glad to know that Mr. Haas feels so kindly toward the city, as he is in a position to accomplish considerable good for this section.

STATE MEETING OF W. C. T. U.

Will Hold Three-Day Session Here, Beginning April 10.

A BIG CROWD IS EXPECTED

Grand Lodge Knights of Honor and W. C. T. U. State Convention Will be On at Same Time—Other Conventions.

Gainesville has indeed become the center of conventions, as is being demonstrated this year. The people of the State look upon the city as a clean and moral town, as well as the educational center of the State—the Athens of Florida, with the result that there will be more sessions of a State character during the present year than any other city in Florida, not excepting Jacksonville.

Exclusive of the session of the Grand Lodge, Knights of Honor of Florida, which will convene on the same day, the State convention of the W. C. T. U. will begin a session on Tuesday evening, the 10th inst., which session will continue until April 13. A number of the best and most refined ladies will be in attendance from every section, and a great treat is anticipated, as the local Union is making every arrangement to entertain the visitors.

The sessions of the W. C. T. U. will prove of great interest, and it is to be hoped that the people of our city will plan to attend all public gatherings, demonstrating their appreciation of the presence of so distinguished a gathering of ladies.

There will be other conventions here this year, among which is the reunion of the United Confederate Veterans.

REWARD.

A reward of $50 will be paid to any one who locates Oliver Jones and Maud Jones and child, who disappeared from their home in Jacksonville Saturday, March 31, 1906. Make report by wire to P. M. Hagan, chief of police, Palatka, Fla.

REBEKAH SOCIAL.

A Large Crowd of Happy Old and Young Folks Present.

The auction of young ladies at the opera house, last evening, and the ice cream and cake social, drew quite a large attendance and those present seemed to have a jolly time. The tables were lavishly decorated with rarest roses and flowers of many varieties, and ice cream, lemon ice and cake were served and the quality of the refreshments served were in keeping with the fascinating young ladies who served them. Many highly praised the dainties served.

The Jack Horner pie was relieved of its plums in short order and then Col. Webster commenced the auction of young ladies. They were hidden from the view of the bidders, buying bunch of sweetness in a box, as it were, and they were simply slaughtered, some going for almost a song that were worth their weight in gold.

After the sale the gentlemen who purchased were entertained by the young ladies and there was a scarcity of young men present to make the occasion what it should have been.

But the Rebekahs deserve credit for their efforts to make the occasion a happy one and showed themselves delightful entertainers.

CARPENTERS ENJOY BANQUET

Gainesville Union Celebrates Second Anniversary.

The members of the Carpenters' and Joiners' Union (white) of this city celebrated the second anniversary of the organization Friday night. From the hall the members repaired to the restaurant of Weston & Rutherford, where refreshments were partaken of to the satisfaction of all, after which cigars were passed. There was nothing in the house too good for the carpenters and their guests, and the evening will long be remembered by all present. The Union is composed of about thirty members and the membership is continually growing.

Messrs. Weston & Rutherford were especially attentive to their guests, while Mr. A. F. Harrod took especial pains to see to it that every wish of those present was gratified.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

NEWS OF CITY AND COUNTY CONDENSED

C. W. Sparks, a progressive planter of Lowell, was trading in the city yesterday. Mr. Sparks is a trustee of Lowell school, which is one of the best of the schools in the county.

J. B. McDonald, formerly of this city but now residing near Carrabelle, where he is largely interested in naval stores, is in the city for a few days. His friends are glad to welcome him again.

Dr. Shirwood Carter of Haverstraw, N. Y., is the guest of J. H. Morton, 201 West Arlington street. Mrs. Morton is also enjoying a visit from her sister, Mrs. A. R. Daniels of Orlando.

The interior of the home of Dr. T. F. Thomas, West Main street N., is being materially improved by alteration, also papering and painting. This home, which is already one of the most attractive in that section, will be still more improved by these changes.

T. J. Swearingen was in the city yesterday from his turpentine farm at Kanapaha, returning in the afternoon accompanied by his mother and two children, who will spend a couple of days at Kanapaha. Mrs. Swearingen and the baby have been there for the past week.

Deputy Sheriff James Ford of Melrose has brought to this city Jonas James, colored, who was arraigned in Justice von Noszky's court at Melrose upon a charge of perjury, and in default of $300 bond was committed to prison to await the action of the grand jury at the coming term of the circuit court.

Hon. F. F. Paulling of Lake View, the efficient member of the county commissioners from that district, and a candidate for reelection, passed through the city yesterday en route home from High Springs, where he has been on business. Mr. Paulling has made a faithful and efficient official, and the people have a great deal of confidence in him.

Major C. A. VanWee of Branford, Conn., who has been here for the past three or four days as a guest of his friends, Mr. and Mrs. W. E. Dow, departed for his home Thursday. Major VanWee, who is retired, owns a couple of fine orange groves in the vicinity of St. Petersburg, where he spends his winters. He stopped for a short time en route home to pay compliment to his Gainesville friends.

Among the visitors to this city is P. M. Hagan, chief of police of Palatka, and one of the best municipal officials in the State. Mr. Hagan has held this position for several years, and at the meeting of the council in Palatka on Thursday night was unanimously elected for another term. He is a brother of ex-Sheriff John W. Hagan of Putnam county, well known in the East End of Alachua, where he has many friends. It is hinted that Chief Hagan has aspirations to be sheriff of Putnam, and may decide to enter the race when his friend Sheriff Howell, feels that he has held the position long enough.

ACCIDENT AT RALIEGH.

Charles Crisman Had Finger Cut Off in Log Haulup.

Chas. Crisman, a young man of Micanopy who only a few days ago accepted a position at the mill of T. J. Cone, Raliegh, had the misfortune Thursday to meet with a very painful accident which also cost him the fourth finger on his right hand.

From the information which could be secured it appears that Mr. Crisman, while working at the "haulup," got his hand in the chains in some way, with the result that it was so badly mangled it was necessary to amputate the finger.

At last accounts the patient was resting well, and indications are that there will be no serious result other than the loss of the finger.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Col. Brown is confident that Tampa's exposition plan will go through. So far as the President is concerned it looks as though it had gone through already.

If the men in office would only know enough to act when it is time, or resign, there would be less of the crooked practices in vogue with large money handlers.

The wrecking of fast trains in the past few days should be an inducement to people to remain in Florida until they get them under control before they start North.

The people of Arizona are making a very creditable showing of their resources and their rights to Statehood. Arizona is certainly a progressive section and should not be tied to an objectionable class of people.

The Bradentown Herald has a new press and is now prepared to turn out papers in an up-to-date manner, and The Herald is one of the progressive papers of South Florida and a credit to the busy city of Bradentown.

The Twice-a-Week Sun has a large circulation in the county of Alachua and also goes to every State in the Union, and it also goes to many foreign countries. It is the best advertising medium in South Florida.

Mr. Fitzgerald of New York may have thought that President Roosevelt had got the impression, because he settled the war, that he was the Czar, and informed him that he could neither originate nor enact legislation. It is well enough, sometimes, to have a Fitzgerald around.

Wouldn't it be a good scheme to have a few of the types of the "New South" in office? We have progressive men all over the South, who are up to the times, and they are the men we want to manage the affairs of the present day. The South is advancing and we want men with advanced ideas.

The State meeting of the W. C. T. U. will be held in this city next Tuesday, and representatives will be here from all over the State. While the object of this temperance organization is to do all it can by honorable means to check the liquor traffic, it also gives attention to the youth of the land, and does what it can to instill into the minds of the boys and girls the evils of the drink habit. Teach the young never to touch the stuff, and in that way the temperance cause can be benefited. Save the boys is their watchword, and it is a noble one.

USING INSURANCE MONEY.

The use of the funds of insurance companies to aid either one or the other of the great political parties in carrying on a campaign is being strongly questioned by some of the ablest and fairest writers in the country. The excuses brought forth by some of the trustees of these companies are very gauzy, and are hardly worth considering. In a recent issue The Wall Street Journal, one of the best edited and fairest papers in the country, has an able article on this subject, and a portion of it is here given:

"The trustees of insurance companies ought not to exercise the discretion of using the money of policyholders for political purposes. It is not for them to decide whether the country is going to suffer by the election of this or that candidate for office. The moment they deviate from the strict line of the simple management of trust funds, that moment they become lost in a maze of indiscretion and corruption.

"The life insurance official who starts with the contribution to a political committee in a great national crisis, like that of 1896, is tempted to repeat the contribution in succeeding Presidential campaigns and is not unlikely soon to become accustomed to the idea of the use of insurance funds for general political purposes. This is exactly what has taken place. Even if the 1896 contribution be justified, what shall be said of the 1904 contribution? There was no free silver peril then, and Roosevelt could have been elected without the use of a dollar. Not only were insurance funds used in national elections, but in State elections, and in influencing legislative action in many States. What would be said of a savings bank that should use its depositors' money for political purposes? Is there a court in the country that would uphold the executor of an estate in contributing a dollar of it to a political fund? What are insurance trustees but executors of trust funds? They are not in the same position the directors of a business corporation are. What the directors of an industrial company might perhaps be justified in doing to protect what they believed to be their interests in a time of national crisis like 1896, would not be right for insurance trustees to do, especially in a campaign like 1904."

WILL TREAT IT SQUARLY.

The Bradentown Herald, in a lengthy article on the Buckman school law and educational affairs in the State of Florida, concludes as follows:

"Florida's school interests are of the utmost importance, rising to the place of sacred rights, and should not be tampered with lightly. And the first question that confronts us in the consideration of the proposed issue is, 'What are you going to do for a substitute for the Buckman bill, if it is repealed? And how do you know that your substitute may not be more objectionable than it has proven?' Might it not prove like our first railroad commission, so odious in the minds of the people that its repeal was made an issue, and it was repealed at the next session, and two years' work and great sums of money were thrown away; but only to cause a reaction, which caused the commission bill to be re-enacted two years later? Such frivolous action should be condemned, and The Herald suggests that if the Buckman bill is to be repealed, instead of being amended, that the repealing act shall provide for its going into effect after the expiration of two years, and after submitting the question to a vote of the people, so that if they approve it by their votes, it shall became law, and if they vote against repeal, that it shall not be done. This will open the way for the people to be heard, and if any substitute shall be offered let that take the same course and be voted for, or against, by the people.

"The supreme court has declared the bill constitutional, and The Herald intends to gather all the statistical facts and present them from time to time to its readers, with its conclusions and recommendations, thereby discharging its whole duty to them."

The progress being made by the South shows plainly that our people are bound to advance in every line of business regardless of the unfair advantage shown them at every opportunity offered at Washington. The people of the Southern States are working out their own salvation, and with half a chance will step up alongside of their Northern brethren in every business persuit in a few years.

The State Board of Drainage Commissioners, at a meeting Wednesday, passed a resolution to advise tax collectors in the drainage district that they must consent to a severance of the drainage taxes from the State and county taxes and defer the collection of drainage assessments until the final determination of the injunction suits.

The Florida Bankers will assemble for their third annual convention at the Hotel Continental, Atlantic Beach, on June 9th. These conventions have become festival occasions, eagerly anticipated by members and captains of finance all over the State.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. GIVES TO MERCER LIBRARY.

Carnegie Promises Twenty Thousand Dollars for Building.

Macon, Ga., April 6.—A gift of $20,000 has been made to Mercer University through a communication to Dr. Charles Lee Smith, president of the institution, by Andrew Carnegie, the man of the iron millions.

The offer is made for a library building and with the provision that a like amount be raised with which to endow the library. It has been accepted and the committee of the board of trustees expressed formal intention to inaugurate plans to raise the endowment fund when the official notification of aceptance was made soon after the gift was announced.

The fund necessary for the endowment will be easily gathered on account of the plans which have already been laid. The trustees have all necessary time for gathering their $20,000, but it will be in hand within the next month. Accordingly the board of trustees will proceed immediately with plans for the erection of the building. It will be ready for occupancy before the opening of the college session next fall.

"Original Sin" Had Strong Hold on James Ince.

Little Rock, Ark., April 6.—James W. Ince, the young white farmer who murdered his wife and three small children near Whitley, this state, in March, 1905, was hanged Wednesday at Danville.

It developed at the trial of the man that his father murdered his mother twenty years ago, and that his sister had committed suicide. Ince butchered his entire family with an ax for no apparent reason except that he was out of work and he said that a streak of inherent depravity in his nature prompted the killings. He confessed the crime and gave most revolting details.

I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant.

All measures tending toward the moral development and growth of our State will receive my hearty support.

To the Voters and Tax-Payers of Alachua County:

I take this method to publicly thank you for the very liberal support you have given me in the past, and to announce my candidacy for re-election for ensuing term to the office of Tax Collector of Alachua county. The arduous duties of the office, at this, the closing period of 1905 collection, will entirely prevent my making a canvass of the county and seeing you in person, so I trust my friends throughout the county will remember me on the 15th of May at the various precincts, when casting ballots for the men of their choice to fill the respective offices now elective. Assuring one and all it shall be my constant effort to discharge the duties incumbent on the office with faithful patience and honest fidelity,

Yours very truly,

W. D. DICKINSON

For Supervisor Registration.

I hereby announce myself a candidate for Supervisor of Registration for Alachua county, subject to the Democratic primaries, and solicit the votes of the Democratic voters of the county. JOHN C. McGREW.

Let all Democrats interested in a judicious expenditure of the public monies rally to his support at the approaching primary.

To the Voters of Alachua County:

My own inclinations, coupled with the wishes of my friends, induce me to become a candidate for County Commissioner. I am perfectly willing to be dealt with by the voters of this county in a way that my actions as once your commissioner I would merit. I ask the support of the voters, in the coming primary, pledging an improvement in office as your commissioner, because of my past experience, should I be elected. Very respectfully.

W. J. MATHEWS.

Trenton, Fla., March 14, 1906.

Let the Democrats rally to his support in the primary of May 15th and his friends will assure the district of a clean and honest, as well as a progressive administration.

I hereby announce myself as a candidate for County Commissioner from District Four. I solicit the vote of the county, which will be appreciated by Yours truly,

F. F. PAULLING.

Having served the people two years as County Commissioner, I hereby announce myself a candidate for re-election, and should the people see fit to re elect me I shall serve them in the future as in the past, to the best of my knowledge and ability.

J. F. TOWNSEND.

Campville, March 19, 1906.
